

Layton High School

Community Council Minutes

March 13, 2017

In attendance: Brian Godfrey, Kathleen Wilcox, Ryck Astle, Mike Moss, Allyne Hall

Absent: Linda Flint, Jamie Lewandowski, Blaine Moon, Julie Reynolds, Brad Nielsen

Reviewed and approved the minutes from the February meeting.

**Reviewed and discussed the past years School Improvement Plan:**

Layton High school has seen a 17 percent increase in Language Arts scores and 22% increase in Math scores. The Administration feels that these score increases are due to the standards based grading that is showing student mastery and better understanding of concepts.

Various lunch groups with the counseling department Tues- Thurs. have shown to be beneficial for students.

Mike Moss reported on some of the goals and how they were met:

Layton High met their Math and Language arts goal and tied with their science scores. ACT Benchmarks show that Layton High is above the state average. We are also above the state average on AP testing. Layton High school has added and will be continuing to add more CE classes. The school gets a financial kickback for the CE classes that are taken and passed by our students.

For additional information of the SIP from the past 2 years please refer to the Layton High School Web page under the Community Council button.

Meeting adjourned Next meeting to be held on April 24, 2017 @ 3pm.
